### About The 12th Malaysia Architecture, Interior Design & Building Exhibition (ARCHIDEX)

Since its inception in 2000, the exhibition has been organised by C.I.S Network Sdn Bhd as International Design Exhibition (DEX), which mainly focused on the interior design industry. In 2005, the event name was combined together with Architectural and Building Materials (ARCHITEX), to become "DEX and ARCHITEX"; covering a wider scope for the interior design, architecture and building needs. At that time, Pertubuhan Arkitek Malaysia/Malaysian Institute of Architects (PAM) was co-

organiser of ARCHITEX only, and in 2006 became joint organiser of DEX and ARCHITEX. In 2007, the exhibition saw a change to rebrand to ARCHIDEX. This exercise was essential to give the event a higher profile through the involvement of more participants in Malaysia and as well as overseas. ARCHIDEX is a trade exhibition.
